

## **Dorney Park hosts a ProLog Unleashed Wi-Fi Hotspot!**

*June 2006 Allentown, Pa.* PenTeleData and Dorney Park & Wildwater Kingdom are proud to announce that Dorney Park in Allentown, Pa. is the first amusement park in the region to host a ProLog Unleashed Wi-Fi hotspot.

“PenTeleData is very excited to be working with Dorney Park & Wildwater Kingdom as a ProLog Unleashed hotspot—the hotspot provides 95% coverage inside the park including pavilion areas and extending into the parking lots. It’s one of our largest hotspots to date,” says Dean Hosier, Director of Marketing, PenTeleData.

This new hotspot will allow guests of Dorney Park & Wildwater Kingdom to access the Internet from almost anywhere inside the park—all they need is a Wi-Fi capable device. The service is available free to PenTeleData partner ProLog Express Broadband customers as well as at a daily or monthly rate to anyone else with the equipment necessary to utilize it.

“It has been a pleasure working with PenTeleData on this project—we are excited about the possibilities it will open up for our guests, many of whom carry devices that would allow them to use this service while in the park,” says Heather Kramer, Public Relations Manager for Dorney Park & Wildwater Kingdom.

ProLog Unleashed wireless Internet access consists of “hotspots”—areas of wireless connectivity—which provide reliable, high-speed Internet access to anyone with the correct equipment including laptops with a wireless network card installed, handheld computers with wireless capability, and other Wi-Fi (Wireless Fidelity) enabled equipment such as some cellular phones.

ProLog Unleashed is free for ProLog Express Broadband Internet customers—ProLog Express is available through PenTeleData’s cable and telephone company partners including: Blue Ridge Communications, Service Electric Cable TV & Communications, Service Electric Company, Service Electric Cablevision, CATV Service Inc., and Ironton Telephone.

### **About Dorney Park & Wildwater Kingdom**

**Dorney Park & Wildwater Kingdom**—two great parks for the price of one—features 200 acres of more than 100 rides and attractions for guests of all ages. Visitors experience extreme scream-machines, including eight awesome roller coasters and state-of-the-art thrill rides. Get soaked by our tremendous collection of splashes, including 18 twisting water slides, two tubing rivers and two huge wave pools. Meet the world-famous Peanuts™

characters in Camp Snoopy, an interactive family playland where parents and kids ride and discover together.

## **About PenTeleData**

Founded in 1994, **PenTeleData** is Pennsylvania's largest provider of Internet service and data connectivity and remains a family-run organization with its heart based in northeastern Pennsylvania. Offering quality unlimited Broadband and dedicated Internet access, data transport and consulting services throughout Pennsylvania and New Jersey, **PenTeleData** draws its resources from a consortium of cable and telephone companies.

Regional telecommunications companies make up PenTeleData, the regions largest privately owned fiber optic network, including Blue Ridge Communications, CATV Service Inc., Ironton Telephone Co., Service Electric Cable TV and Communications, Service Electric Cablevision, Service Electric Cable Company and Service Electric Company.

**PenTeleData** has engineered one of the largest, privately owned fiber optic networks in the nation with over 5,000 miles of fiber optic cabling. Running on high-speed lines (OC-12, OC-3, DS3, DS1) and OC-12/OC-3 SONET rings, the **PenTeleData** 10 Gbps ATM/MPLS network -- with more than 60 Points of Presence throughout Pennsylvania and New Jersey -- delivers Voice, Video, Data and Internet services throughout the region.
