

Cisco® 8811 IP Phone

The Cisco® IP Phone 8811 is a cost-effective, business-class collaboration endpoint that delivers high-fidelity, reliable, secure, and scalable voice communications for small to large enterprise businesses.

The Cisco® IP Phone 8811 offers ten programmable line keys. You can configure keys to support either multiple directory numbers or calling features such as speed dial. You can also boost productivity by handling multiple calls for each directory number, using the multicall-per-line feature. Fixed-function keys give you one-touch access to applications, messaging, directory, as well as often-used calling features such as hold/resume, transfer, and conference. Backlit acoustic keys provide flexibility for audio path selection and switching.

Feature list

Full-duplex speakerphone:

A full-duplex speakerphone gives you flexibility in placing and receiving calls. For added security, the Audible Dual-Tone Multi-frequency (DTMF) tones are masked when the speakerphone mode is used.

Ergonomic design:

An easy-to-use interface that provides a traditional telephony-like user experience.

Graphical display:

The 5-in., 800 × 480 resolution, grayscale display provides scrollable access to calling features.

Dual-position foot stand:

The display is easy-to-view and the buttons and keys are easy-to-use. The two-position foot stand supports viewing angles of 35 and 50 degrees.

Backlit indicator:

Backlit indicators on the audio path buttons (handset, headset, and speakerphone), select, line, and message waiting buttons.

Analog headset jack:

The analog headset jack is a standard wideband-capable RJ-9 audio port.

Networking features:

A 10/100/1000BASE-T Ethernet connection through two RJ-45 ports; one for the LAN connection and the other for a downstream Ethernet device connection such as a PC.

Power:

Phone is Power over Ethernet (PoE), Class 2 compliant.

An optional power supply cube can be used for non-PoE deployments. (Sold separately).

Wall-mountable:

Phone can be wall-mounted using the optional wall-mount kit. (Sold separately).
